### [Learn About Payment Methods](#)

Nitecrawler's token sale is happy to support multiple payment methods. When you go through the token purchase process, you will pick the payment method you would like to use. If it is one of the following crypto currencies: BTC, ETH, XRP, BCH, ZEC, EOS, XMR, you will be presented with a valid wallet ID to send your funds to based on the currency you have chosen. When you are ready to send funds to purchase the token, send funds to the wallet ID provided. If you choose to send fiat, you will be presented with the banking details required for you to send the funds. Please retain all this information in order to complete your purchase.

### [Learn Why You Need a Photo and Government ID Ready](#)

In order to comply with banking requirements and know-your-customer best practices, it is necessary to verify the identify of the person purchasing tokens. We will be asking you for an image of your government issues photo ID, as well as a picture of yourself holding the same photo ID. This ensures that we can verify that you are whom you claim to be, and ensures the safety and integrity of everyone involved. Please make sure you've got a clear picture of your government ID, such as a passport or drivers licence, as well as a clear picture of you holding your ID such that we can read the details of the ID.

### [Know What You're Purchasing](#)

We are excited to be sharing our utility token sale with everyone. What you will be purchasing are the utility Nitecrawler Tokens (NCRL) we are issuing as ERC-20 utility token on the Ethereum network. These tokens can be stored and used in any Ethereum wallet just like any other ERC-20 token. These utility tokens are to facilitate the Nitecrawler application and allow users of the application to access hotels and travel products and services, as well as post their properties up for home sharing on the Nitecrawler application. Token purchasers will have exclusive first access to the application and all the benefits of the Nitecrawler platform.
